

TRANQUILITY[®] PACKAGED SYSTEM BROCHURE

TRANQUILITY® PACKAGED SYSTEM

Leading Technology

ClimateMaster Tranquility® Packaged Systems TE, TS, TZ provide comfort, sustainability, and efficiency at an affordable price for new and existing homes. Tranquility® Packaged Systems incorporate geothermal technology, like iGate2 and variable speed indoor fans, to provide high efficiency and low operating cost for residential heating and cooling systems.

Star Among Energy Stars

The Tranquility® Digital Packaged systems TE, TS, TZ has been designated as one of the Most Efficient ENERGY STAR certified products in 2023 for exceeding stringent efficiency requirements.

Comfortable Efficiency

- iGate2 communicating controls use the power of two-way communication to monitor, control and diagnose your system from anywhere in the world on the phone app or website. The result is maximum efficiency, superb comfort and improved reliability.
- Automatically adjusts itself to provide consistent indoor air temperatures regardless of outdoor weather extremes.
- Insulated interior cabinet reduces system noise, plus no noisy outdoor fans are required.
- The MERV 11 filter removes up to nine times more dust, lasts three times longer and captures nearly 100% of pollen and spores.

Affordable Savings

- Extra high efficiency up to 29.6 EER produces significant energy savings.
- Consistent geothermal (below ground) temperature reduces system energy use.
- Variable Water Flow provides optimal, maximized efficiency by eliminating temperature swings which can save over \$100 per year in an average 2000 square foot home.
- Optional hot water generator can lower home water heating costs.

TRANQUILITY® PACKAGED UNITS SUSTAINABILITY

Powered by the temperature of the Earth instead of fossil fuels

Roughly 75% to 80% of heat supplied comes directly from the earth and is clean, free and renewable.

Little or no CO₂ emissions help to lower your carbon footprint.

ClimateMaster Financing

Take advantage of our affordable financing options. Contact your local ClimateMaster dealer today to explore the wide array of financing options at their disposal. With financing your geothermal system can pay for itself with the energy savings. Start enjoying the benefits of geothermal without breaking your budget.

We invite you to visit our website www.climatemaster.com or call 1-800-299-9747 to locate a dealer in your area.
