

TRANQUILITY[®] 20 SINGLE-STAGE (TS)

iGate2
REMOTE DIAGNOSTICS. SERVICE SIMPLIFIED.

The Tranquility 20 series utilizes EarthPure HFC-410A refrigerant along with advanced scroll compressor technology and microprocessor controls that allow the Tranquility 20 to operate at the most efficient level for all weather conditions.

The Tranquility 20 Series was designed for both new construction and retrofit applications. The narrow cabinet was designed for easy movement through doorways, crawl spaces, and attic access.

At 20 EER, the Tranquility 20 has some of the industry's highest single stage efficiency ratings.*

*Rated at ground loop conditions ISO 13256-1

Features

- 1 Exclusive iGate 2 uses the power of 2-way communication to monitor, control and diagnose your system. It improves system life by monitoring and protecting the unit and delivers high efficiency by intelligently controlling the unit.
- 2 Copeland™ high efficiency scroll compressor
- 3 ECM fan motor adapts to various duct systems
- 4 Foil faced insulation in the blower section and fully insulated compressor section
- 5 Two inch filter frame with high performance MERV 11 pleated air filter
- 6 Unit Performance Sentinel: Automatic alert system lets you know if the system is not running at peak performance*
- 7 Dual level compressor isolation for ultra quiet operation
- 8 Five easy, lift-out service access panels with stainless steel front panels
- 9 Stainless steel drain pan for long life

*When installed with a ClimateMaster residential thermostat

Application Flexibility

- Eight capacities 018, 024, 030, 036, 042, 048, 060, and 070
- iGate 2 - Monitor, control and diagnose remotely from any smart phone or internet connected device
- Single-stage upflow, downflow, and horizontal right or left return
- Extended range operation, (20-120°F EWT) and flow rates as low as 1.5 gpm per ton
- Internal electric heat unit (optional) designed for easy field installation
- Circuit breaker protected loop and hot water generator pumps
- Field selectable low-temperature protection setting for GWPH or GLHP
- Among the highest efficiencies in AHRI/ISO/ASHRAE/ANSI 13256-1 single stage ratings for heating COP's and cooling EER's with low water flow rates
- Exceeds ASHRAE 90.1 and Energy Star 3.0 efficiencies
- Standard 10-year limited warranty on all parts with a 5-year labor allowance; optional additional extended 5-year limited labor allowance available
